BAGNARA AT BIG 5 CONSTRUCT SAUDI 2025 STRENGTHENING OUR PRESENCE IN THE SAUDI MARKET

Riyadh, February 2025 – Following a successful debut last year, Nikolaus Bagnara Spa is reaffirming its commitment to the Saudi Arabian market by participating from **February 24 to 27, 2025**, once again in BIG 5 Construct Saudi 2025. With Saudi Arabia investing heavily in large-scale infrastructure and urban development as part of Saudi Vision 2030, the demand for high-quality, durable, and prestigious building materials is growing rapidly. As a leader in premium natural stone, Bagnara is proud to be part of this transformation, bringing its expertise and extensive collection of materials to the region's most ambitious architectural projects.

A STAND THAT BRINGS NATURAL STONE TO LIFE

Bagnara's 24-square-meter stand at BIG 5 Construct Saudi has been carefully designed to showcase the versatility and elegance of natural stone. The space features:

- o A reception desk in Quarzite **Kuroca**, highlighting the depth and refined textures of the stone.
- o A **Silver Cloud** granite-clad back wall, demonstrating its grandeur and suitability for large-scale applications.
- o A lounge area with **Black Tempest** quartzite furniture, offering an inspiring blend of natural elegance and contemporary design.
- o Two one-of-a-kind artworks in **Portland Taupe**, showcasing the artistic potential of natural stone.
- o A comprehensive **selection of premium material samples**, allowing visitors to explore our diverse range and discuss tailored solutions for their projects.

press release

THE RIGHT PARTNER FOR LARGE-SCALE CONSTRUCTION PROJECTS

With a portfolio of over 950 exclusive materials, ownership of strategic quarries, and a state-of-the-art production capacity of 3,500 m² of processed stone per day, Bagnara is uniquely positioned to supply premium natural stone for large-scale developments, including hotels, commercial buildings, public infrastructure, and luxury residences.

Beyond delivering high-quality materials, Bagnara supports architects, contractors, and local stonemasons with in-depth expertise in stone selection, processing techniques, and project planning. Our experience ensures that each material is carefully matched to the technical and aesthetic requirements of a project, helping clients in Saudi Arabia achieve outstanding results with natural stone. By working closely with industry professionals, we provide the knowledge and guidance necessary for seamless project execution, ensuring that natural stone is integrated with precision, durability, and elegance.

MEET US AT BIG 5 CONSTRUCT SAUDI 2025

We invite developers, construction companies, architects, and industry professionals to visit our booth and explore how Bagnara's natural stones can bring value and distinction to their projects.

BAGNARA: PIONEERING EXCELLENCE IN NATURAL STONE

Rooted in over 75 years of tradition, Bagnara seamlessly merges a deep-rooted heritage with a global presence in the stone trade, celebrating and valuing the gifts of nature. From our beginnings as a South Tyrolean stonemasonry to becoming a global entity with exclusive quarries worldwide and state-of-the-art slab facilities in Italy, we offer a vast spectrum of natural stone products, now boasting a collection of over 950 unique stones.

Our expertise encompasses the entire process from quarrying to delivering bespoke architectural solutions, all grounded in our family's craftsmanship and a profound passion for stone. Driven by innovation, we strive to meet diverse client needs with a commitment to sustainability and a personal touch that defines the Bagnara experience.

With ownership of key quarries like Nero Assoluto Zimbabwe in Zimbabwe, Silver Cloud in the USA, and Azul Aran in Spain, along with strong strategic partnerships with manufacturers globally, Bagnara ensures a consistent supply of premium materials. Our modern facilities process up to 3,500 square meters of stone daily, reflecting our capability to handle projects of any scale.

Bagnara is not just a family business; it's a pioneer in sourcing and crafting exquisite natural stones. We blend traditional craftsmanship with modern innovation and deep respect for nature. Across three generations, our hallmark has been unparalleled quality, expertise, and a deep connection with the earth. We celebrate nature's beauty and diversity by offering aesthetically pleasing and sustainable products ranging from blocks, slabs, tiles and customised products in a wide range of finishings.

At the heart of Bagnara's philosophy are innovation and versatility. We continuously explore new materials and techniques to provide unique solutions for construction and design projects. Customer service is paramount, ensuring that we support clients at every step of their creative journey.

Dedicated to eco-friendly practices and social responsibility, we employ local resources and support the community through various social projects. With a global presence and international expertise, Bagnara not only sets industry benchmarks but also remains steadfastly true to its commitment to natural stone and environmental stewardship.
